

Profr. Shubo Saiful

Shubo Saiful is the Education and Projects Manager with a key role in expansion and enhancement of SCOPE (The Strategic Centre for Obesity Professional Education).

Shubo was born in Bangladesh and was raised in Italy. Prior to working at World Obesity Federation, Shubo completed his Master's degree in Public Health with specialisation in Global Health at Imperial College London.

In his role as Education and Projects Manager, he supports the administration, planning, enhancement and delivery of the organisation's education programme and the e-learning platform, SCOPE.

Shubo has worked on various quantitative and qualitative projects such as mental health stigma, diabetes management and emerging infectious diseases. His key interests includes health system strengthening and health policy.
